EXERCISES ALL OVER.

Chickamauga's National Park Entirely Dedicated.

BIG MILITARY DEMONSTRATION.

A Monster Parade in Which Many of the Veterans of the War Took Part—Closing Exercises Held in the Mammoth Tent. General H. V. Boynton Remembered by a Handsome Present.

CHATTANOOGA, Sept. 21.—The proceedings of the third and last day of the dedication of Chattanooga and Chickamauga National Military park were the most attractive of the series. There was nothing going on at the battlefield, and every one's attention was centered upon the meeting in the city tent. The military demonstration by the regulars and state militia in camp here drew to the city many residents of the surrounding territory who have not previously been present. The procession was characteristic of the occasion. First came a platoon of police and then the United States troops, foot and artillery, in camp at Chickamauga park, under command of Colonel Poland. These numbered, all told, about 1,200 men.

There were battalions from the Sixth, Fourteenth and Twenty-third infantry and Battery F, Fourth artillery; the Ohio national guard, with Governor McKinley and staff at the head, including companies from Cleveland and Columbus, the latter on bicycles; Capital City guard of Georgia, Captain W. S. Hewett commanding. This troop marched to the dedication from Atlanta, arriving here Tuesday. Then came the national guard of Tennessee, Colonel I. P. Peters commanding. A company of this body which attracted much attention was Captain Carnes' battery of Memphis, composed exclusively of Confederate veterans. The rear of the column was under command of Captain H. F. Phillips.

The procession marched through the principal and resident streets to Grant university, in front of which the reviewing stand was erected. The streets were decorated with great profusion of the national colors in all conceivable designs, and, as the troops marched under and by them, they were accompanied by almost constant cheers. General J. S. Fullerton, president of the park commission, was grand marshal.

At noon began the exercises in the tent intended to commemorate, in connection with the dedication, the battle of Chattanooga proper.

Vice President Stevenson presided. The proceedings were opened with prayer by Rev. Samuel J. Nichols, D. D., of St. Louis. Hon. George W. Ochs, Chattanooga's executive, welcomed the visitors.

When the applause following Mayor Ochs' speech had ceased, Senator Bate of Tennessee delivered an eloquent oration. He was heartily applauded. Next there was music by the band and then General Charles Grosvenor of Ohio spoke. He was frequently interrupted by applause. The meeting then adjourned.

Barnum's tent was filled again at night. There was a gathering there of the survivors of the Army of Northern Virginia and that portion of the Army of the Potomac which fought at Chickamauga. General E. C. Waithal of Mississippi presided.

Colonel W. C. Oates, governor of Alabama, was the first speaker and he was greeted with enthusiastic cheers.

Colonel J. A. Williamson of New York, and Colonel L. R. Stegman of New York also spoke, after which the meeting adjourned.

At noon yesterday the citizens of Chattanooga paid their compliments to General H. V. Boynton, who originated the idea of making a national park of the battlefield of Chickamauga. A number of citizens, headed by Captain H. D. Chambers, chairman of the executive committee of Chattanooga, and Hon. Adolph Ochs of the Chattanooga Times, went to the general's office in the government building, and presented him with a silver dinner set, containing 225 pieces. It was a complete surprise to the venerable veteran, and he was so overcome that he could scarcely express his thanks.

A reception was tendered the vice president, General Schofield and the visiting governors at the Read House last night. The following were present: Vice President Stevenson, General Schofield, Governor McKinley of Ohio, Governor Rich of Michigan, Governor Greenhalge of Massachusetts, Governor Oates of Alabama, Governor Turney of Tennessee, Governor McIntyre of Colorado, Governor Holcomb of Nebraska, Governor Morrill of Kansas, United States Senator Bate, Congressman Benton McMillan, General Grosvenor and other distinguished men.

A battalion of the Tennessee guard stood as a guard of honor. Mayor Ochs of Chattanooga stood with the vice president, and prominent citizens beside each of the guests. For two hours a solid mass of humanity poured by, and all were introduced, and fully 5,000 men and women shook hands with the distinguished party.

STARVING, SHE STOLE.

A Pitiful Story Coming Up From Tennessee's Capital.

NASHVILLE, Sept. 21.—Mrs. Nellie Reach, a white woman, was arrested yesterday and locked up for breaking into a house and stealing a watch. The story is a pitiful one. Some months ago, she, her husband and infant child, came to this city from the country. They could not get work, and on

Wednesday they were in a starving condition. Made desperate by hunger she entered her neighbor's house and took a watch, which she pawned for a pittance, with which she bought food for herself and family. She acknowledged the deed, and it is thought will not be prosecuted.

SCHOONER SEIZED.

It Is Believed to Be Part of a Cuban Filibustering Expedition.

KEY WEST, Sept. 21.—The revenue cutter McLane, acting under instructions from Deputy Collector P. T. Knight, while cruising from Bahia to Key West came across the schooner Antionette with seven Cubans and two Americans aboard. The Cubans were secreted in the hold and had two revolvers, one shotgun and a small lot of ammunition, surgical instruments, medicine, etc.

When sighted the schooner attempted to evade the cutter's launch, but running ashore on a sandbar was easily captured and brought into port. Those aboard the schooner appeared to be men of intelligence, one of them being a doctor. This is no doubt a portion of the expedition which was to join those on the schooner Lark, captured last week at Big Pine Key by the cutter Winona, and who were, after meeting them, to proceed in a body to Cuba.

They appeared before United States Commissioner Otto, who placed them each under a \$500 bond to appear before him for a hearing of the case. The government will have great difficulty in making any case against them, as they can without trouble show that they were on a hunting trip, as all the ammunition found was sufficient for about two days' hunting.

Progress of the War.

HAVANA, Sept. 21.—Dispatches received here report an attack upon a railway train by insurgents near Tunica, in the district of Remedios. A detachment of the civil guards, protecting the train, repelled the attacking party and killed four of them.

The village of Guinia, in the province of Santa Clara, and in which were 50 houses, has been burned by insurgents.

General Arderius gives public thanks to Louis Marx, an American citizen, for a donation of \$1,325, and recommends to the government that this generous action and the facts in the case be given for publication to the American papers.

The rumored capture of Fort Banes is pronounced here to be untrue. In the district of Sagua la Grande five politicians have been imprisoned.

THE WEATHER.

A Northwestern Storm Likely to Break the Hot Spell.

CHICAGO, Sept. 21.—Such a heated term in the latter part of September as has existed for the past three days was never before recorded in Chicago. The mean temperature for the three days was 81, or 7 degrees above the normal for the past 20 years.

The maximum temperature yesterday was 91 degrees, at 3 o'clock. The decrease in the humidity of the atmosphere tended to greatly reduce the number of prostrations from heat. However, the following fatal cases were reported:

George Blanchard, 4 months old. Carl Monard. P. V. Quilan. Mrs. Stanislaus Radkowski was prostrated, but will recover.

Hot Spell Broken in Nebraska.

OMAHA, Sept. 21.—Heavy rains are falling in several parts of Nebraska, after five of the hottest days in the state's history for some time. The mercury reached 105 in the shade in many parts of the state and the heat was so oppressive that schools were dismissed. Corn is thoroughly matured, a result of the heat, and fall plowing is well under way.

Snowing in South Dakota.

DEADWOOD, S. D., Sept. 21.—At 8:30 o'clock last night there were two inches of snow at Bald Mountain and it is still snowing hard. People are shivering.

FIVE DEAD.

The Result of a Quarrel Over a Game of Poker.

MCKINNEY, Ky., Sept. 21.—News of one of the most terrific battles with the most fatal results that have ever occurred in this section has just been reported here from Adams & Trobridge's distillery, in Pulaski county, 15 miles south of this place.

Lee McKinney, who came directly from the scene, tells the story that Thursday night six men, one of them being named Cain, of Mintonville, engaged in a game of poker in a little 12 by 12 room at the distillery. A dispute over the game arose and the shooting began. Cain alone escaped, and is credited with slaying all the dead.

Most of the slain were shot either through the head or heart. Cain, it is reported, is evading arrest, though the officers are hot on his trail.

The five dead men lie side by side in the mealroom of the distillery awaiting identification and the orders of their friends.

Strikers All Peaceful.

CHARLESTON, W. Va., Sept. 21.—Sheriff Hinman of the Fayette company was here yesterday from the Loup creek region where a strike is in progress and reports everything very quiet. He states that of the 1,000 men employed in the six coal works, about 600 are at work, and while the New river miners are there in numbers trying to persuade the Loup creek men to stop work, yet their conduct is not such as to violate the laws or to require the presence of the militia.

REVIEW OF TRADE.

R. G. Dun & Company's Weekly Business Report.

PRICES ARE VERY UNSETTLED.

Advance and Fall in Wheat, Also in Corn.

Boom in Iron Stopped—The Exports of Gold Does Not Cut Much of a Figure in Business—Failures of the Week—Report in Details.

NEW YORK, Sept. 21.—R. G. Dun & Company's weekly review of trade says: In spite of gold exports wheat advanced for some days, in all nearly 2 cents, mainly because a single speculator bought, but on Friday fell about 1 cent. Corn rose and fell in sympathy with wheat, with as little reason. Western Wheat receipts for three weeks of September have been 16,891,660 bushels, against 16,694,629 last year, while Atlantic exports, flour included, have been 3,941,693, against 7,621,986 last year.

Good reports of foreign crops, weakness of flour in Minnesota and large exports of corn from this country, all work against a rise in wheat, though scarcity in contract grades may hold a speculative advance. Pork products have been reasonably yielding with prospects of a large corn crop, but before the close had a stronger tone. The cotton market, lifting and falling a fraction each day alternately shows no settled tendency, big stocks balancing an undoubted, but as yet not definite increase in yield.

The surprising increase in production and advance in prices of iron seem to be bringing a natural check, as prices have gone so high as to cause some purchases from Europe both of pig and finished products, and have also caused a distinct shrinkage in home demand. Pig bought at Middlesboro for America, and foreign ore ordered in large quantities to make iron in eastern furnaces, have depressed Bessemer at Pittsburgh to \$16.90, though gray forge is higher, at \$13.40.

Lake ore and freights have advanced, and the beginning of a strike of Connellsville coke workers will tend to prevent reduction in prices, unless soon stopped by the concession of the 11 per cent advance in wages demanded. While the coke production is very large and contracts for the year are made at \$1.30 for furnace coke, which sold early this year below \$1 per ton, it is believed that higher wages can be paid without affecting the market for finished products, have advanced still more.

Refined bar is quoted at 1.45 and tank steel at 2 cents at Philadelphia and the combination has raised cut nails 2 cents so that the average of all iron products has risen 5 1-2 per cent in September and 53 1-2 per cent since the lowest point last January and is now higher than in October, 1892. Nearly all mills in operation have orders enough for some months, though a present decrease in demand is admitted.

Leather has advanced in some qualities though the rise of 51 per cent for the first half of the year on 16 qualities has been followed by only 2 per cent since July 1, and this week a break has occurred of 2 cents in union crop. Hides are 8 per cent lower than in July.

The cotton mills which laid in stocks of cotton below 6 cents are enriched by the advance in material and enabled to make frequent advances in goods, which are sustained. The present demand is dull, but there are no reports of stoppage, and the threatened strike at Fall River does not come.

The woolen manufacture is doing well in dress goods and hosiery, but the demand for men's woolsens is much restricted and a few mills have closed. Sales of wool are smaller than last year, and for three weeks only 17,133,470 pounds, of which 7,178,370 were foreign, against 24,572,400 pounds in 1892, of which 7,614,000 were foreign. Prices of foreign wool are so low that purchases for export have been made.

The failures this week have been 213 in the United States, against 210 last year, and 32 in Canada against 46 last year.

DESICCATING WORKS BURNED.

One Hundred and Fifty People Thrown Out of Work by the Disaster.

CINCINNATI, Sept. 21.—The big plant of the Cincinnati Desiccating company at Trautman's Station on the Big Four railroad was almost entirely destroyed by fire, entailing a loss of \$100,000.

The fire was discovered by John Parker, a night watchman employed by the company. It began in a pile of slack coal in a shed at the east end of the plant and spread rapidly. The company has a fire department of its own, but before the engines could arrive the fire was beyond control.

The villagers did everything in their power to assist the private firemen in extinguishing the flames, but were driven back by the intense heat as buildings after buildings caught. The buildings of the company occupied 13 acres of ground and were all well stocked. Besides the buildings 18 freightcars belonging to the Baltimore and Ohio Southwestern railroad were destroyed. Fully 150 men were thrown out of employment by the fire.

Lumber Burned.

GREEN RAY, Wis., Sept. 21.—The mill of the Murphy Lumber company burned yesterday. Loss, \$70,000; fully insured. The company's immense yards were threatened, owing to a high wind, and were saved with difficulty. The mill may not be rebuilt, as the company's pine is nearly exhausted, and they have recently bought extensive timber lands in Washington state.

DURANT'S TRIAL.

The Prosecution Will Be Through Direct Examination Next Wednesday.

SAN FRANCISCO, Sept. 21.—The prosecution in the case of Durant announced yesterday that its witnesses would be through with direct examination next Wednesday. The crowd at the trial yesterday exceeded in size that of any previous day since the case was open.

George King, the organizer, was recalled for further cross-examination. After a few unimportant questions from the opposing attorneys, King was excused, to the general surprise, it having been expected that the prosecution would interrogate closely upon the alleged variation in his statements concerning Durant, made at different times.

Frank O. Sidewann, formerly janitor at the church, testified that on April 3, the day Blanche Lamont disappeared, the gas fixtures were in perfect order. During the last few days of March the gas company had finished some work in the church and gas escaped no place thereafter, except a trace which was hardly perceptible from a loose key in one chandelier. Witness said that in the latter part of March Durant and King had put in a new lock on one of the doors, to which they only had keys. They had stated their object was to keep out of the library persons who had no business there. The ex-janitor testified that several times he had found the doors in the church unlocked. He had attached no importance to their being unlocked.

Adolph Oppenheim, a pawnbroker, testified that on the 4th and 10th of April, Durant came to his store and offered for sale a ring with a small chip diamond. The witness selected a ring from those identified as belonging to Blanche Lamont and said that was the ring offered by Durant. He had declined to purchase it and Durant had taken it away with him. The witness stated that since testifying at the preliminary examination he had received two letters offering bribes to modify his testimony. One of the letters offered him \$500 on condition that he stated on the stand that he could not positively identify Durant. He was not to see any one in connection with the bribe until after he had given his testimony, when the money would be paid to him. The second letter was of a similar character. The witness said he had turned both letters over to the police.

DOINGS OF THE ODD FELLOWS.

Sovereign Grand Lodge Acts Upon the Grand Sire's Decisions.

ATLANTIC CITY, Sept. 21.—In the Sovereign Grand lodge, I. O. O. F., yesterday afternoon, a number of the grand sires' decisions were considered. Some were approved promptly, a half dozen were first amended and then approved and three were not approved at all.

A resolution giving state grand encampments the power to make the payment of sick benefits optional with subordinate encampments came up but failed to pass.

A telegram was received from the county convention of the Women's Christian Temperance union at Philadelphia congratulating the convention on the amendment which passed Thursday debarring saloonkeepers, bartenders and professional gamblers from membership in the order.

Dr. H. B. Ohle of Baltimore, the physician of Mrs. Ross, wife of the grand secretary who broke her leg while going to the Odd Fellow's hall the other night, came here yesterday and decided that it was inexpedient to reset the limb until Mrs. Ross had been removed to her Baltimore home, where she will be taken.

NO REFEREE SELECTED.

Another Hitch in Arranging the Corbett-Fitzsimmons Prize Fight.

NEW YORK, Sept. 21.—The important duty of selecting a referee for the Corbett-Fitzsimmons fight, which it was proposed to settle yesterday, has been postponed until almost the very hour before the battle. Joe Vendig, acting for the Florida Athletic club, and Martin J. Quinn, the manager for Fitzsimmons, met at the office of The Police Gazette yesterday and decided to let the selection of a referee go until Oct. 31, when the principals, the managers and all others interested will be in Dallas.

From the lists submitted each side will agree upon the man who will decide on all the questions that may arise. Each side, according to the understanding yesterday, will submit to each other the names of four men, or more, if necessary, from which to make a selection. There was no one present at the meeting yesterday who represented Corbett.

FAINTED AND FELL.

A Schoolboy Probably Fatally Hurt While Gathering Hickory Nuts.

COLUMBUS GROVE, O., Sept. 21.—Last evening Jesse Buck, 13, was found in an unconscious state under a hickory tree about a half mile from town. He was carried to his home and remained unconscious all night.

It appears that he had been sick in the forenoon and stayed out of school in the afternoon and about 3 o'clock started after hickory nuts, and nothing more was seen of him until he was found in that condition. It is supposed that he fainted while up in a tree. The doctors have no hope of his recovery.

LOUISVILLE, Sept. 21.—Billy Thompson, who has just returned to this city from Cincinnati, announces that he has completed the necessary arrangements for a fight between Australian Billy Murphy and Johnny Griffin. The date of the fight is Oct. 7, and it will take place in this city.

FIGHTING IN FORMOSA

Details of the Battle Fought August 26.

CHINESE COMPLETELY ROUTED.

Six Hundred and Fifty Killed or Wounded Out of a Garrison in Which Were Stationed Ten Thousand Men—Investigating the Ku-Cheng Massacres—Other Oriental Advices by the Steamer Gaelic.

SAN FRANCISCO, Sept. 21.—The steamer Gaelic, which arrived here yesterday, brought the following advices from Tokio, Japan, dated Sept. 7:

Tia-Wan-Ju, the old capital of Formosa and Chang-Hwa, an adjacent fortified town, were captured by a body of 2,000 Japanese on Aug. 26, after a short contest in which 24 of the assailants were killed or wounded. Of the Chinese garrisons, numbering 10,000, 650 were either killed or wounded and the remainder dispersed in various directions. The conquering army will not proceed further Southward until after the arrival of fresh troops from Manchuria and Japan. By the middle of September the entire force will exceed 50,000 fighting men.

Count Matsugata, minister of finance, has resigned from the Japanese cabinet because of differences with Marquis Ito, prime minister. Viscount Watanabe, who retired from the treasury last March to make room for Matsugata, now resumes his former position.

The report recently sent out from Washington asserting that toward the close of the war between China and Japan a serious difficulty threatened the friendly relations of Japan and the United States, and that actual hostilities would have broken out but for the sudden announcement of an Asiatic armistice, is declared by the highest authorities of Tokio to be entirely without foundation.

The investigation of the Ku-Cheng massacres proceeds slowly, the Chinese officials seeking by every means to interpose delays. A few executions of real or alleged criminals may probably be ordered, and pledges of watchfulness and care will be given to any required extent by the rulers at Peking, but the mass of the people are now thoroughly persuaded that the highest provincial authorities approve the persecution of strangers and believe that they will be shielded from punishment no matter what excesses they may be guilty of. The execution of about 20 vegetarians will not materially change the sentiment. They will be regarded as martyrs in a worthy cause. The viceroys are supreme in their domains, and so long as they are understood to sanction attacks upon foreigners no restrictive measures can be put in force.

Fifty thousand Mohammedans are in active rebellion in the northwest of China. They are fighting with arms said to be supplied by Russian sympathizers, and their avowed purpose is to set up an independent government in the territory taken from Kansu, Altker and Tibet. The authorities at Peking are dispatching all the troops that can be collected to the scene.

MORA GETTING LEFT.

But Little Prospect of His Fingering That Spanish Gold.

WASHINGTON, Sept. 21.—The Mora claim threatens to become a second Jarndyce case. Every mail brings to the state department fresh assignments and sub-assignments, and until there is a reasonable certainty that all outstanding assignments have been heard from the department can not proceed with the division of the indemnity.

In addition to these assignments there are broad claims that threaten to give much trouble. Among these are the claim of Mora's nephew to a moiety of the indemnity on the ground that his father was half owner with Mora in the seized estates, and one for a large amount by a person who claims to have held a mortgage on the estate.

It is believed at the state department that these claims eventually must be passed upon by the courts and from the amounts involved the claimants doubtless will not be contented with anything less than the decision of the supreme court, in which case the department may be enjoined against any disbursements of the fund for an indefinite period.

British Ship Long Overdue.

SAN FRANCISCO, Sept. 21.—On Feb. 27, 1895, the four-masted British ship Stoneleigh left Melbourne for London and is now 210 days out. Hope for her safety is beginning to be abandoned and it is feared the craft with her crew and passengers have gone down off Cape Horn. If such is the case about 36 lives have been lost. The Stoneleigh was commanded by Captain John G. Thompson of Macclesfield, Great Britain. The skipper's wife and two small children were on board.

A Woman's Frightful Fall.

CHARLESTON, W. Va., Sept. 21.—Some time during the forenoon Mrs. M. M. Thompson, a widow, aged about 60 years, acting as assistant librarian of the Historical and Antiquarian society, fell through the elevator shaft at the state capitol building and was instantly killed. It is believed that she fell from the fourth floor, as the library is on that floor. The body was found in the cellar, it is not known just how long after death.

Death of an Actor.

NEW YORK, Sept. 21.—Charles Leclercque, the actor, died last night in the New York hospital, where he has been since the 10th of the month suffering from typhoid fever.

The people of Maysville and Mason County are cordially invited to hear him. All Democrats are urged to turn out.

A SUDDEN SUMMONS.

Heart Disease Caused the Death of Mr. John Gleason Early Last Evening.

The friends of Mr. John Gleason were shocked by the news of his death last evening. He had been troubled with disease of the heart a year or so, but was able to go about yesterday, and in the afternoon was out near the mouth of Limestone Creek where the contractors are at work on the improvements to the C. and O. He returned about 5 o'clock and complained of feeling bad. Going up stairs he lay down to rest. An hour or so later when his wife went to call him for supper, she was shocked on finding him unconscious. He never rallied, his death resulting at the hour named.

Deceased was forty-one years old, and leaves a wife, and one daughter by a former marriage. The funeral will occur to-morrow at 2 p. m. at the home of the family, corner Front and Limestone. Burial at Washington.

I. N. Walker Adjudged Insane.

Colonel I. N. Walker, owner of Glen Springs, was declared insane Thursday at Covington and is now at College Hill Sanitarium. Mr. Walker is well-known in commercial circles, and especially in the tobacco market of Cincinnati, where he has been in business for many years, and where he has accumulated an estate valued at \$150,000.

For the past five years his mind has been affected, but every effort possible has been made by his devoted family to keep the fact concealed. He has traveled extensively in company with his son, in the belief that a change of scene might bring back his reasoning powers.

He labors under the delusion that he and his wife are constantly subject to hypnotic influences, and he has occasioned his family much embarrassment by accusing friends of attempting to hypnotize Mrs. Walker.

A New Railroad Scheme.

The Morehead Advance says: "We are reliably informed by one in position to know, that the new Hixson-Rodbourn company, together with a party of Eastern capitalists, among whom are S. S. Bullis, of Rochester; Joseph Rodburn, of Erie, N. Y., and Colonel Edward Dopp, of Rochester, have in view a new road. According to our informant the road commences at Maysville, where it taps the C. and O. From there it will run to Flemingsburg, and from Flemingsburg to Rodbourn. From Rodbourn it will run to Elliottsville and thence to West Liberty. From West Liberty it will follow the coal fields south, just to what point has not been decided upon."

Death of Michael Carney.

Mr. Michael Carney died at 3 o'clock this morning at his home on the Lexington pike, just south of Third street, after an illness of five days, of kidney trouble, at the age of fifty-nine years.

He was a good industrious man, fair and honest in all his dealings. He leaves a widow and nine children. His first wife and four children preceded him to the grave. Mr. Carney was born in Ireland but came to this country forty-two years ago.

The funeral will take place Monday morning at 9 o'clock from St. Patrick's Church. Burial in Mount Washington Cemetery.

MRS. MARY DUDLEY WORICK.

Another Home Saddened by the Loss of the Loved Wife and Mother.

Mrs. Mary Dudley Worick, wife of Mr. A. Worick, died last night at 11:30 o'clock at the family residence on West Third street. Her death resulted from paralysis. She was stricken last Wednesday afternoon at 1 o'clock, and her physicians and family had little or no hope of her recovery from the first.

Deceased was born in Fleming County, was forty-eight years of age, and was a daughter of William and Eliza (Jones) Dudley. Her father was a brother of Mrs. W. C. Sadler, of this city. Her husband and five children survive.

The funeral will occur next Monday at 2 p. m. at the M. E. Church, South. In the absence of the pastor, the services will be conducted by Rev. W. O. Cochran, of the Central Presbyterian Church. Interment in Maysville Cemetery.

CHRISTIAN ENDEAVORERS.

The Second District Union Now in Session at the Central Presbyterian Church.

The Second District Union Y. P. S. C. E. convened at the Central Presbyterian Church yesterday afternoon. The meeting continues to-day and will close to-morrow night.

The district embraces five or six counties and over fifty delegates had arrived last evening. Many more are expected to-day.

The church was crowded last night. Short addresses were delivered by Rev. F. M. Tinder, of Mayslick, Mr. J. B. Orr, of this city, and others, and an enjoyable musical program was rendered.

HE DEALT IN MARGINS

And Left His Creditors Holding the Bag—A Bourbon Farmer Embarrassed.

John I. Moore, a widely known farmer and cattle dealer living near Millersburg, left Tuesday for parts unknown. A letter written by Moore was received by William Layson, of Millersburg, in which it is said Moore states that his estate was hopelessly involved, and that he would never return.

News of Moore's departure spread like wildfire, and created considerable consternation among his creditors in Paris and Millersburg. Fifteen attachment suits were on Thursday filed in the Bourbon Circuit Court against Moore's estate, as follows:

Charles Marston\$ 800 00
Northern Bank of Kentucky (Paris, Kentucky)1,050 00
J. D. Parker1,000 00
William Ardery2,000 00
William M. Johnson2,500 00
William M. Ardery216 00
John M. Brennan1,000 00
E. J. Owens1,000 00
Deposit Bank of Paris1,000 00
Agricultural Bank of Paris1,000 00
Nannie T. Martin1,500 00
Deposit Bank of Paris1,000 00
Citizens' Bank of Paris532 50
C. W. Howard445 50

The estate of Moore consists of about 900 acres of land, on which are the following mortgages:

Safety Building and Loan Association, Winchester, Ky.\$14,000
Northwestern Life Insurance Company, Milwaukee11,000
William M. Layson8,200

The mortgage given to Layson was to secure Layson against loss by reason of Layson's suretyship for Moore on five notes, as follows:

William M. Johnson\$2,500
James Parker1,000
Mrs. Nannie Clark2,500
Deposit Bank of Millersburg1,200

Forty-five hundred of these are included in the attachment suits, which leaves the aggregate indebtedness at \$46,764.

W. M. Layson charges that his name as security on the notes of Moore held by the Paris banks are forgeries.

There are a number of other big creditors, among whom are Smedley & Butler, of Millersburg, for \$1,000, Moore has been dealing in margins on pork through Cincinnati brokers.

Cora Van Tassel Coming.

We with pleasure call attention to the engagement of Maysville's favorite little artist, Cora Van Tassel, who will hold the boards at the opera house on Monday evening next, in her new and beautiful play "Tennessee's Partner." Read the following complimentary notice from the Chicago Times:

Cora Van Tassel, a star new to Chicago, made her first appearance at the Alhambra in Scott Marble's latest play, "Tennessee's Partner." Both play and star were well received by a large audience. The scene of the comedy-drama is laid in the Rocky Mountain region, but there is nothing melodramatic about the incidents. Miss Van Tassel is a sprightly comedienne and she is well supported by C. B. Hawkins and an excellent company. The Rocky Mountain band and Sand Hill quartette are amusing features.

SERVICES to-morrow at Central Presbyterian Church, morning and evening. Sunday school at 9:15 a. m. Preaching at 10:30 a. m. Subject, "The Church and Christian Endeavor." At 7 p. m. union Christian Endeavor services. All invited and made welcome.

MAYSICK SOCIETY NOTES.

Mr. and Mrs. James S. Pogue Entertained Their Young Friends Wednesday Evening.

Mr. and Mrs. James S. Pogue's new home near Mayslick presented a brilliant appearance Wednesday night when lighted up to receive their young friends of the neighborhood. The crowd, of beauty and grace, added much to the brilliancy. There were tables for cards and the broad vine-clad porch served as a delightful dancing pavilion, where the formerly admired and lovely moon-flower hung its head as if in acknowledged eclipse by the bright galaxy of belles and beaux there assembled, who were Misses Marguerite Robb, Jennie Brough, Bessie Prather, Alberta Caldwell, Lucy Master-son, Birdie Pogue, Francis Duncan, Lizzie and Addie Gooding, May Miller, Scottie Laytham. Miss Johnston, of Greenfield, Ill., and Miss Jessie Yancey, of Maysville, were those from a distance that "lent enchantment to the view," two charming young ladies. The gentlemen were: Messrs. Harry Yancey, William Gooding, Seymour Myall, Robert Yancey, Eli Pogue, Willie Robb, Jim Raymond, Fred Fox, Enos Myall, Claybourne Fox, Jas. Williams, John Laytham, George Longnecker and Willet Darnall. Supper was served at 11 o'clock, after which dancing continued until the wee sma' hours.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's drug store. Regular size 50c and \$1.

We desire to express our gratitude to our friends for their kindness and sympathy to us during our recent sad bereavement.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our.....
\$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS. Also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.

COMMISSIONER'S SALE!

MASON COUNTY

FARMS

FAYETTE CIRCUIT COURT.

Andrew Lydick and Others, } Public Sale.
Petition to Others.

By virtue of a judgment in the above styled case, rendered in the Fayette Circuit Court the 16th day of September, 1895, I will on

Thursday, Oct. 17, 1895,

as Special Commissioner, sell at public sale a tract of land containing one hundred and seventy-six acres and seventy-eight poles (176.75) situated on the Russell Cave pike, in the county of Fayette, adjoining the farms of Thomas Carlick, George Grimes, L. P. Huffman, Jacob Sidener and Charlie Harp.

Said sale will be made upon the following terms:

One-third on the 1st day of March, 1896, one-third on the 1st day of March, 1897, and one-third on the 1st day of March, 1898, with interest at rate of six per cent per annum from the 1st day of March, 1896, until paid. Purchaser will be required to execute bond with approved security, complying with terms of sale. Lien will be retained for the deferred payments. Possession of said place will be given on the 1st of March, 1896. Said farm is situated 11 miles from Lexington, 8 miles from Paris, 8 miles from Georgetown, and 1 1/2 miles from Centerville depot on the Midland railroad, and one-fourth of a mile from church, school house, postoffice, store and blacksmith shop. Upon the farm is a good residence of seven rooms, stock barn, ice house, meat house, buggy house, corn cribs and cabins. This is one of the best fenced farms in Fayette county; more than 100 acres in grass. On it there are five walled pools of never failing stock water, a good cistern and deep well; an orchard of select fruit. The land is naturally good, and is now in fine condition for cultivation.

The Old Union and Haun's Mill pike runs through the farm, leaving upon the south side about 47 acres, and upon the north side 129 acres and a fraction. These two portions of the farm will be offered first separately, and then as a whole, and the highest bid will be accepted. The sale will take place at 11 o'clock a. m.
